Greenwood High School, Warangal   2019
10th | CBSE | Percentage: **72** / **100**

PROJECTS

Email Spam Detection System   07 Sep, 2024 - 14 Sep, 2024
Mentor: Non | **Team Size:** 1

Key Skills: Machine Learning | Pandas | Matplotlib | NLTK | NumPy

Project Link: https://github.com/AnvithGangula/email-spam-detection-system

The goal of this project is to create an email spam detection system using machine learning. The system processes email content and classifies it into spam or non-spam categories.

weather-forecast   16 May, 2024 - 25 May, 2024
Mentor: tapalagna | **Team Size:** 2

Key Skills: CSS | Javascript | HTML | Github

Project Link: https://github.com/AnvithGangula/weather-forecast

So we had to make a website in which we need to login page ,registration page ,forecast of next 6 days , current weather at a certain location

we have first made the functionalities first and then we made each of them with there own css which costed us a lot of time waste later

we have connect all the pages with each other according to the work flow

later when we submit madam told to make it look good and change colours according to one pattern then every other pattern

so we changes watch pages colors to single color which is similar and matches

later we added a map using html embedded code and did not use api

this are all the challenges i have faced in the project

Portfolio File   14 May, 2024 - 20 May, 2024
Team Size: 1

Key Skills: ReactJS | Javascript | HTML | CSS | Github

Project Link: https://github.com/AnvithGangula/Anvith-s-Portfolio

I have created my portfolio using HTML, CSS, React, Javascript.
i have used a lot of references online and created this

i delayed it using netlify

i have mentioned the link below at web-links (other)

mentioning it here also
https://anvith-s-portfolio.netlify.app

Failed Project(scummvm)
22 Mar, 2023 - 10 May, 2023

Mentor: GSOC | **Team Size:** 1

Key Skills: Git Github Pygame Python C++

Project Link: https://github.com/AnvithGangula/scummvm

To be Frank this is my first time attending something with a huge organization

i just wanted to give a try
So i applied for GSOC and did not got selected due to lack of skills and industrial knowledge

with failed project made we learn more and made me a good coder and a team player

this gave the taste of how a company works and how deadlines are important for surviving ...

space-War
02 Dec, 2022 - 12 Jan, 2023

Team Size: 1

Key Skills: pygame python GIT

Project Link: https://github.com/AnvithGangula/space-War

this was one of the first games i worked on it took lots of time and taught me lot about managing files and asserts

this project took more time then mentioned but totally worth it for this project i learned pygame library

this is outdated but gave me a brief knowledge of game development in python

there is no gravity in this game which made this game easy to develop

ASSESSMENTS / CERTIFICATIONS

Microsoft Power BI Data Analyst

Key Skills: Power BI

It was a basic Workshop which involves basics of PowerBI and new features of PowerBI

PERSONAL INTERESTS / HOBBIES

- playing chess
- reading personal development books like Rich dad Poor dad, Steal like an Artist,48 hour Start-up
- exploring new features online like AI , freelancing(but never worked) , copyrights related content etc
- experimenting with website creating platforms like durable.co, ecwid , wix ,wordpress etc
